**600 Volunteer Team Members  
To Spark Opening Of Hospital  
\$300,000 Building Fund Drive**

**Symmes Workers Honored With  
Citation For "Fine Example"**

The general public campaign for completion of Symmes Arlington Hospital's \$300,000 building fund will be opened by about 600 volunteer team members next Wednesday night, it was announced this week as hospital workers subscribing to the project received a special citation from Ernest W. Davis fund chairman, for setting "an example to the entire community."

By the closing of last week, Mr. Davis disclosed, 60 people in the hospital's employ had contributed \$2,742, far surpassing the \$2,100 objective they had set for themselves in order to establish a patient bed in a four-bed room as their joint gift. Their total is even above the \$2,700 required to create a bed in a semi-private room, he pointed out.

"The level which their voluntary giving has attained—an average of \$48.36 per person—is one of the most heartwarming and inspiring developments to date in this undertaking," Mr. Davis said. "It must suggest to every conscientious citizen the responsibility which also rests upon him, if Symmes Arlington Hospital is to be made equal to current and future needs."

The general public campaign, one of the greatest civic enterprises in the history of Arlington, will open at 6:30 p.m., Wednesday June 1, with a dinner in Robbins Memorial Town Hall. Town Clerk James J. Golden and David L. Peirce are co-chairmen for Arlington and Lexington, respectively, of a volunteer teams organization numbering about 600 people.

Each of the 65 team workers in Arlington, Mr. Golden explained, will seek to impress on his friends and neighbors the importance of giving liberally to expand the hospital accommodations and facilities upon which all depend.

"This public campaign," he said, "is going to be a test of our civic mettle. I am convinced that the test will be met so successfully that the objective of the building fund will be reached and exceeded."

## EDITORIAL

OVER AT COLUMBIA UNIVERSITY, A RECENT STUDY CONDUCTED BY THE BUREAU OF APPLIED SOCIAL RESEARCH OF THE UNIVERSITY, CAME OUT WITH THE ANNOUNCEMENT STRESSING THE GREAT ADVANTAGE WHICH NEWSPAPER ADVERTISING HOLDS OVER RADIO COMMERCIALS MOST CATEGORIES.

THE STUDY WAS CONDUCTED AMONG SEVEN HUNDRED HOUSE-WIVES AND CONSISTED OF TWO PHASES. IN THE FIRST PHASE, EACH HOUSE-WIFE WAS ASKED TO RECALL ONE SPECIFIC NEWSPAPER ADVERTISEMENT AND RADIO COMMERCIAL PERTAINING TO A FOOD, SOAP, DRUG OR COSMETIC PRODUCT WHICH SHE HAD READ OR HEARD UNDER ORDINARY, EVERYDAY CIRCUMSTANCES WITHIN A FEW DAYS PRIOR TO THE INTERVIEW.

IN THE SECOND PHASE, SHE WAS ASKED TO FOCUS HER ATTENTION ON SELECTED AND COMPARABLE NEWSPAPER ADVERTISEMENTS AND RADIO COMMERCIALS AND WAS ASKED TO REPORT JUST WHAT THOUGHTS AND IMAGES PASSED THROUGH HER MIND WHILE SHE WAS LOOKING AT THE ADVERTISEMENT OR LISTENING TO THE COMMERCIAL.

THE PERCENTAGES WERE GREATLY IN FAVOR OF THE NEWSPAPER ADS IN EACH OF SIX FINDINGS. IT WAS ALSO NOTED THAT 75 PER CENT OF THE HOUSE-WIVES MADE SOME EFFORT TO KEEP IN MIND THE PRODUCTS ADVERTISED IN THE NEWSPAPER & THUS BROUGHT TO HER ATTENTION IN THE FIRST PLACE.

## Arlington Friends Welcome Children From Maine School

By Theodore N. Cook  
Staffwriter of the Christian Science Monitor

(Reprinted by Courtesy of the Christian Science Monitor May 20, 1949)

Hard work, thrfts and good neighborliness combined today to give 12 boys and girls from Raymond, Maine, a three-day "graduation present" visit in Boston.

The young people arrived in Boston by bus, undaunted by a torrent of rain, as guests of the Arlington-Parent Teacher Council.

For the eighth-grade boys and girls of the tiny Maine town, this trip marks a high spot in their school careers.

They are about to end their formal schooling. School days stop with the eighth grade in Raymond. The town has no high school, and nearest city with such a school is beyond their reach.

Accompanied by two teachers, the Raymond junior high school graduating class was welcomed by a delegation of Arlington PTA officials.

### LIKE OLD FRIENDS

Although the two groups never had met before, the greetings at the Park Square bus terminal were like those between old friends.

Both groups had been looking forward to this visit for weeks. After preliminary greetings, the visitors took their first Boston taxi ride to reach their hotel. Gardner headquarters to be assigned to rooms.

The Arlington Elks had arranged for their hotel accommodations.

By the time the young people return home Sunday, they will have visited major sightseeing points not only in Boston, but in Lexington and Concord as well.

This, however is jumping ahead

## Selectmen's Ass'n Endorse Dairy Month

The Massachusetts Selectmen's Association, of which Arlington's three Selectmen are members, has endorsed June Dairy Month in this state, it was announced today.

In a statement, the Association noted that Massachusetts produces approximately 1,000,000 quarts of milk daily, some 26,000,000 gallons of ice cream yearly and nearly 500,000 pounds of cremery butter each year.

The Association which represent nearly 1,000 Selectmen throughout the Bay State said the production, processing and distribution of milk and other dairy products give employment to more than 30,000 persons in Massachusetts.

June Dairy Month, the Association said "helps to emphasize the importance of milk and other dairy products in our every day diet. Physicians, nutritionists and scientists tell us that milk is one of the most perfect foods there is."

Arlington members of the Selectmen's Association are Joseph Peterson, Joseph A. Purcell and Marcus L. Sorenson.

# SPEAKER O'NEILL DISCUSSES PROBLEMS OF STATE TODAY

Speaker of the Massachusetts House of Representatives Thomas P. O'Neill, Jr., guest speaker at the luncheon meeting of the Arlington Kiwanis club on Thursday noon, discussed at some length the problems facing the Commonwealth of Massachusetts. Following is the text of Speaker O'Neill's address:

"Although it would require much more time than that to which I feel entitled to enumerate the many pressing problems facing our state government today, I feel I can accomplish a worthwhile objective by picking out for discussion the four major problems with which we must deal as 'firsts.'"

That quartet includes veterans' housing, improved mental hospital facilities, better state highways and a more adequate wage scale for state employees.

Public housing for the past several years has been a most vexing problem. It has been a real stickler, which has defied satisfactory solution. It is encouraging to note, however, that in recent months some desirable progress has been made. Many local communities have been taking advantage of existing statutes to embark on housing programs. In many cases there has not been proper coordination between state and local agencies and this condition has retarded progress in many communities. But this red tape hurdle is gradually being erased and it is reasonable to assume that early a commendable beginning to the solution of our housing problem will get underway.

Our mental institutions have been the object of much criticism for many years. Overcrowding in our mental hospitals, long waiting lists in our institutions for the feeble-minded, unattractive salaries for doctors and other trained personnel, and other correctable shortcomings have made our status in this field far short of what we might term satisfactory. Our governor has shown a deep concern for the unfortunate victims of mental illness and mental defectives and as a first step towards improvement he commended—and the Legislature approved the appropriation of \$500,000 for increased salaries for trained personnel. If we are to have proper treatment available, we must be able to attract competent doctors and they are not usually attracted by sub-standard wages. With the first step taken, our determination to tackle the problem of mental health in the Commonwealth will continue to be affirmative, with the end result that we will be able to boast soon that those who need proper treatment—all of them—will be able to get it.

"Washboard highways" have tested the patience of motorists in our state for a long time. The need for better roads is imperative. The \$100,000,000 bond issue passed this year will start a highway construction program which is badly needed. It should be kept in mind, however, that this is only a beginning and as further progress in this field is needed it will be necessary that the Legislature takes further action. The future in this respect is promising.

It is generally agreed that the salaries paid those in the state service, especially the lower bracket employees, is inadequate. It seems highly probable that this legislature, at the suggestion of the governor, will attempt to adjust the wage scale of state employees and bring it in line with acknowledged high living costs. Legislation to that end is now pending before the General Court and it is the consensus that this problem will be taken care of before the Legislature prorogues this session.

The solution of those four problems will cost money. It is estimated that \$23,000,000 in new revenue must be raised. The Governor

nor recommended ways of raising the money, but unfortunately some of his recommendations have been rejected. It is regrettable that those who opposed his tax legislation to take care of the admitted needs of our Commonwealth. If we are to solve our problems, we must raise the funds to solve them. That is our immediate responsibility.

The people of Arlington can be justly proud of the actions of its new representative, Henry Keenan. His efforts to clear pollution in Alewife Brook, to widen Concord Turnpike and Summer Street Boulevard and to improve car and bus service to Arlington are just a few of the accomplishments of Rep. Keenan during his short term in office. He is always on the job, has answered every roll call and I am sure that his tenure as your representative will be one of which all of his constituents can speak with praise and respect. Rep. Keenan deserves the confidence of the people of Arlington."

# Town To Honor War Dead In Observance Of Memorial Day

The town of Arlington will follow its time-honored custom on Monday, Memorial Day, with a patriotic parade, the decoration of graves of war heroes of all wars memorial Day addresses and meetings of organizations under the auspices of the various patriotic organizations of the town.

Memorial services will be featured at the various churches, both Protestant and Catholic, attended by delegations from the American Legion and Auxiliary, Veterans of

Foreign Wars, and Auxiliary, disabled American Veterans and Auxiliary and other patriotic fraternities of the town.

Cemeteries under the direction of the cemetery department of the town have been cleaned and walks and driveways weeded, flowerbeds arranged and graves decorated in anticipation of the solemn observances which will mark the day for Arlington families and societies in memory of departed loved ones.

## THE RED CROSS NEEDS DRIVERS

"It's getting more difficult to fill assignments," says Mrs. J. Oliver Beebe, Chairman of Motor Service at the Boston Metropolitan Chapter of Red Cross. "We need at least fifty day-time volunteer drivers to meet the many requests for Red Cross Motor Service."

Motor Service receives daily calls from hospital social workers to transport the sick and convalescent to and from hospital clinics.

Volunteer drivers are needed if Red Cross is to continue its task to taking entertainers to hospitals for ward programs, or to answer emergency calls for transferring blood from the laboratory to hospitals.

Any Arlington man or woman with a driver's license, who can spare a few hours one day a week

is urged to volunteer for this important work of Red Cross, said Mrs. Beebe.

The Boston Metropolitan Chapter of Red Cross, at 17 Gloucester St., is ready to answer any questions you might have on this important work of Red Cross, said Mrs. Beebe.

A particular plea is being made to men and women who drove for Red Cross Motor Service during the war. The need for volunteer drivers is just as great now as it was then, declared Mrs. Beebe.

"A great deal of pleasure can be brought about by driving for Red Cross," she said, "not only for the patients being transported, but particularly for the driver who knows that he is doing something that is most beneficial to the community."

The Boston Metropolitan Chapter of Red Cross, at 17 Gloucester Street is ready to answer any questions you might have on this important service. Call them today at Kenmore 6-6226 and volunteer to drive for Red Cross Motor Service.

William G. Bott, Jr., of 53 Academy St., is receiving the congratulations of friends over his election as vice president of the Class of 1951 at Boston University College of Business Administration.

## GOVERNOR ENDORSES SOAP DRIVE FOR NEEDY CHILDREN

GOVERNOR DEVER, left, urges public support of the national campaign to obtain soap for 30,000,000 children overseas. The unique drive is sponsored by CARE, famous non-profit, government-approved relief agency. For every two (Swan) soap wrappers sent to CARE, Boston 1, Mass., Lever Brothers Company has agreed to donate to CARE a bar of soap to help fight disease and promote cleanliness abroad. Here the Governor views CARE appeal at the State House with Warren D. Pierce, Lever representative. Scores of organizations are backing the campaign which enables Americans, at no cost to themselves, to aid youngsters in Europe.

## Children's Hospital In Dire Need Of Support

There is nothing more pitiful  
than a sick child's mournful cry  
in the dead of night.  
To worried parents, this wail of  
pain brings a numbing fear—a for-  
eboding of ill tidings. The mother  
who rests her hand upon the brow  
of her child, only to discover the  
heat of a fiery fever, feels that  
shock, too.

Disease and accident know no  
bounds. They strike rich and poor  
alike. So it is comforting to know  
Boston stands ever-ready to as-  
sue the pain and suffering of our  
sick and crippled children.

We New Englanders should be  
thankful that there exists in Bos-  
ton the finest Children's Hospital  
in the world. Its medical staff has  
no peer in the field of pediatric  
medicine.

For 80 years this institution has  
served mankind unstintingly. As its  
fame spread, demands for its ser-  
vices grew by leaps and bounds.  
Twice in those decades it cast off  
its shackles and moved into enlar-  
ged quarters. But each time the  
passing years out-stripped its ca-  
pacity to help all who knock on its  
door.

Today, the 6-year-old Children's  
Hospital building is totally inad-  
equate to meet increasing needs.  
The place is literally "bursting at  
the seams" for want of more bed  
space, more treatment rooms, more  
laboratories — more of anything  
that goes into the making of a  
great institution of this kind.

Only emergency cases can be  
admitted immediately. Others must  
wait weeks, and even months, be-  
cause there just isn't room enough  
for all.

And waiting is often dangerous —  
afflictions of many types have a  
nasty habit of worsening, as doc-  
tors know only too well.

Even in its present limited quar-  
ters the Children's Hospital of Bos-  
ton has become the last court of  
appeal for sick and crippled child-  
ren. One-tenth of its patients come  
from all corners of the globe seek-  
ing medical attention they cannot  
find at home. To them the Child-  
ren's Hospital is a last resort of  
hope.

The hospital has kept faith with  
us. Now it must be expanded into  
a great, modern Children's Medi-  
cal Center with adequate facili-  
ties to cope with the manifold prob-  
lems that confront the institution  
today.

Soon there will rise on a site  
adjoining the Boston Children's  
Hospital a 12-story Medical Center  
that will provide the hospital's staff  
doctors with the tools they need to  
save more lives.

We say "there will rise" because  
we are certain that a grateful citi-  
zenry will not let our children  
down.

They will give unselfishly of  
their time and money to raise the  
\$7,000,000 needed with which to  
build the proposed Center for at  
least our most valued asset, the  
welfare of our children.

## Three Thousand Scouts Put On Huge Outdoor Scoutdoor - AMA

With three thousand Boy Scouts, Cubs and Senior Scouts together with more than one thousand registered adult scout leaders from the nine towns and cities making up the council participating, Sachem Council, Boy Scouts of America, successfully presented its first SCOUTDOORama on Saturday afternoon and evening, May 21, at the Warren A. Peirce Field, Arlington High school. This was the largest Scout offering ever put on in the area and more than eight thousand interested spectators enjoyed the afternoon and evening performances, which were identical.

Governor Paul A. Dever, who had accepted a special invitation to attend the afternoon program, was unable to put in an appearance as he was unavoidably detained elsewhere.

All phases of the Scouting program, including those of the Cubs, Scouts and Senior Scouts, were demonstrated during the great outdoor show, which opened with a parade by all participants, featuring the famous Chinese drum and bugle corps of Troop 34, Charlestown and the Boston Naval Base band. Then followed a series of acts and episodes. First the 34 packs of the Cub Scouts, numbering 1400 Cubs who took part in the "Grand Howl" and the Cub promise.

The use of the Boy Scout neckerchief was demonstrated by Lexington and Bedford Boy Scouts, while Scouts of the Watertown district made rope knots of various kinds showing their practical value.

Waltham District Scouts demonstrated emergency service and the Arlington District Scouts put on a demonstration in communication. "Physically Strong" was the title of the episode given by the Scouts of the Concord-Lincoln-Carlisle district and the Belmont District Scouts showed camping skills and technique.

"On Land-Sea-Air" was the theme of the Senior Scouting act,

in which the Sea Scouts, Air Scouts and Explorer Scouts took part. Picked troops showed pioneer skills there were numerous interesting booths and exhibits.

James Brett, of Watertown, who is chairman of camping and activities for Sachem Council, was general chairman of the SCOUTDOORama and Arthur Leydon, of Waltham, had charge of the program and supervision of the various episodes and acts.

## Boy Scout News

XXXXX  
The last monthly pack meeting for the season was held Friday night and was celebrated as Circus Night. Over two hundred children and adults were present to see the acts put on by the boys of various Dens. As a special feature Mr. Alfred Fiorella, with his hurdy-gurdy and live monkey, put on a grand show.

The Circus opened with the Grand Parade, followed by special acts of the dancing and dedicated horses, Hula-Hula Girls, Weight Lifters, Freaks, Fat Ladies and Two Headed Men and Fancy Bicycle Riders. Master Philip Clark was ringmaster, with Mr. Herbert Miller furnishing appropriate music.

A great deal of credit goes to the Den Mothers for the success of the Pack meetings and it is to be regretted that many of them have already served three years and will be leaving the Pack. The Den Mothers of Pack 86 are: Mrs. Edmund S. Greiner, Mrs. R. H. Olsen, Mrs. John B. McLaughlin, Mrs. Frederick Strachan, Mrs. John Prescott, Mrs. Winthrop Donovan, Mrs. Louis Renzetti and Mrs. James Carlen.

The annual picnic will be held at Camp Oak in June.

## PACK 43

The final Pack meeting for the Spring of 1949 was held at the Parmenter School on Friday, May 13. It was featured by games and movies. Arrangements were made for the big Scout Outdoors at the High School Field on May 21 and for the Cookout at Menotomy Park on June 2.

The Baseball team continues to roll in high gear and on Saturday May 14 it scored its fourth successive win without a single defeat.

## Wheaton Alumna Wed Saturday In St. Agnes Church

Both Wheaton and Boston College alumni were among those who extended their best wishes to John Bernard Finigan and his bride, the former Sleanor St. Agnan Sullivan daughter of Dr. Joseph Francis Sullivan of this town, who exchanged marital vows at a nuptial mass celebrated in St. Agnes church by the bridegroom's uncle the Right Rev. William B. Finigan, on Saturday morning.

Given in marriage by her father and attended by a coterie of five, the bride was radiant in bridal ivory satin, featuring a bertha of Alencon lace. An apple blossom coronet held her chapel length—illusion veil in place and a bouquet of white roses, with cascading sweet peas centered with a white orchid, completed her costume.  
For her duties as honor maid,

Miss H. Jeanette O'Brien, of Arlington was lovely in lavender marquisette, with lace bertha and skirt paneling. She carried an arm bouquet of yellow roses and blue delphiniums. Similar gowns of Nile green were worn by the Misses Mary T. Finigan, sister of the bridegroom, Ruth Leonard of Melrose, and Mary F. Barry of Arlington, a cousin of the bride and Mrs. Edward P. Connolly, of Chestnut Hill. Their arm bouquets of pink roses completed their costumes.

Acting as best man for the bridegroom, was his brother, J. Edward Finigan, and assisting the bride's brothers, David, Joseph, John, and Dr. Philip Sullivan, was David Marden Carey, of Concord. Following a reception held at the Balinese room of the Hotel Som-

## MISS GINDER TO WED BERWICK, ME. MAN

Announcement is made of the coming marriage of Miss Nyla Joyce Ginder, daughter of Mr. and Mrs. Chester J. Ginder, of 24 Gould rd., to Mr. Henry W. Lutz, of Berwick Maine. The marriage will take place on June 28th, at St. John's Episcopal church in Arlington.

Miss Ginder is a graduate of the Arlington high school, and will be graduated from the University of New Hampshire on June 12. Her fiancé is an overseas army veteran of the last war, and will graduate also from the University of New Hampshire in June. He is the son of Mrs. Paul Norton, of Berwick, Maine.

erser, the couple journeyed to Virginia Beach for their honeymoon. Upon their return, they will reside in Concord.

## Work To Start Soon On Sidewalks

According to information disclosed by Thomas J. O'Neill chairman of the Arlington Board of Public Works, the construction of \$15,000 of new sidewalks and edge-stones throughout the town will be under way shortly and for the first time since the early 1920's all the work will be done by regular employees of the Public Works Department, Chairman O'Neill announces. This will mean not only that the work will be of better quality than that usually done by private contractors but it will mean a substantial saving to the abutters. This was proven last year when the then new Board of Public Works undertook to have the work by its own men. As is the usual case, the abutters assume part of the cost of the sidewalk construction. William J. Toomey, assistant superintendent, is in charge of the work.

New sidewalks will be laid on

Park Avenue, Florence Avenue, a large portion of Teale Street, on Mount Vernon Street and opposite 251-259 Massachusetts Avenue.

Chairman O'Neill states that because of the limited appropriation set aside for this work, the construction is being done in the order in which applications from abutters are received by the Board. Sidewalks for which applications were received from October 7, 1946 to May 5, 1948, will be completed this summer, the Chairman states.

## Bridge Party

The bridge and whist parties sponsored by the VFW Post 1775 of Arlington, which are held each Friday evening, at the headquarters at the Old Town Hall, Arlington center, are proving very popular. Many fine prizes are awarded on each occasion to the lucky winners.

## Arlington Dealer Works For Children's Medical Centre

J. T. Stokes, of Bonnell and Stokes, Inc., 956 Massachusetts Ave., Arlington is among the 60 members of Lincoln-Mercury Dealers of New England, Inc., who this week helped jack up the Children's Medical Center Building Fund in Boston, with a \$6,000 contribution from their organization.

The association's check was presented to Gov. Paul A. Dever, honorary Massachusetts state chairman of the Center's drive, at the State House by Vincent Wentworth of Newton, president of the association and members of its executive committee.

The New England Lincoln-Mercury dealers' surprise donation sent the New England car dealers' collections close to the \$30,000 mark at a suitable mem-

orial to all New England car dealers in the new 12 story Children's Medical Center building. It will be appropriately designated with a plaque, identifying it as a "Living Memorial" to these auto men.

The Lincoln-Mercury group's gift came on the heels of other sizeable contributions from DeSoto, Chevrolet, Pontiac and other dealers in eastern Massachusetts.

Gov. Dever remarking that the spirit of generosity displayed by automobile men in New England is showing the way for other business groups to follow in creating a great, new Children's Medical Center to serve sick and crippled children of New England, turned the check over to Chairman Richard Preston of the Corporations and Executives Division in the drive.

## TO MAKE YOUR ELECTRICITY...

...A GENERATOR HAS TO SPIN

FALLING WATER WILL SPIN IT

...STEAM WILL SPIN IT

There are 178 electric utility water power plants in New England, representing most of the economically feasible locations. Their total output equals about 25% of New England's electricity requirements.

At 73 electric utility plants in New England steam spins the generators. They supply about 75% of our electricity; even more during periods when the water power plants are hampered by New England's unpredictable weather conditions.

By means of interconnecting transmission lines both steam and water power work together to ensure an ample supply of electricity for New England homes, commerce and industry.

## Social Security Office Gives Advice For Summer Employment

The Cambridge Office of the Social Security Administration through its manager, James T. Phelan, announces the following pertinent instructions for the benefit of students who expect to become employed during the summer vacation:

1—It is necessary to have a social security account number card, if you plan to enter employment that is covered by social security taxes.

2—Your employer is required by law to make a record of your name and social security number, to file a report of this number and name

and the amount of wages that is earned by you, regardless of the length of time worked, the number of employees in the establishment, or the amount of wages earned.

3—No person should have more than one social security account number card. If you have one, use that one only. If you have had one and have lost it, make application promptly for a duplicate number.

4—Make sure that you use your given name when you enter employment, making certain that it is the same name that appeared upon your account number card.

5—Avoid delay. Make your application at once and avoid the usual June rush.

6—Be careful not to lose your social security account number card, as that card is to be used by you during your entire employable life and you should hold it accessible for use at any time.

7—Applications for original and duplicate cards may be made at the Social Security Administration Office, 2 Trowbridge Street, (Putnam Square) Cambridge, 38, Mass. The new telephone number for this office is UN 4.3900.

## Many Arlington Youth Will Attend Finn Fishin' Carnival

### "HELPING CHILDREN'S MEDICAL CENTRE"

Top brass of the Building Section in the Children's Medical Center Campaign, comprising part of the C. & E. Division which has been pledged to raise \$2,000,000 toward the Boston Children's Hospital expansion program are shown here as they conferred on steps to be taken to fulfill their part of the program.

Left to right are, seated: E. L. Cairns of Brookline, Otis Elevator Co.; H. M. Spaulding of Sharon, Consolidated Brick Co.; R. A. Hale of Cambridge, Bay State Builders Supply Co.

Standing: William N. Davies of Winchester, Builders Specialty and Hardware Co.; N. F. Barber of Brookline, Chandler & Barber Co.; and Richard Preston of Hamilton, chairman of the drive's Corporations and Executives Division, who is on loan to the Campaign Committee from United Fruit Co.

Many Arlington boys and girls are looking forward to the annual Huck Finn Fishin' Carnival of the Boston Boys Workers Conference to be held at the Charles River Lagoon at the foot of Exeter Street on Friday, June 3rd, at 3:00 P.M.

This affair is coordinated by the Community Recreation Service for the 62 different public and private recreation agencies in Greater Boston for boys and girls between the ages of 9 and 14 years.

It will provide our youths with a chance to do something that is close to their hearts in a city where the opportunity to fish is not plentiful.

Many of our youths will have their first catch.

It is expected that there will be some 500 children present, costumed in Huck Finn fashion and carrying a variety of fishing gear. The girls costumes will vary, but an attempt is made to approach a similarity with Huck Finn.

Some recreation Agencies will attempt to hold special sewing classes to have the girls outfit themselves and complete for the best costume prize. For the boys, agencies will have instructions in fly casting and fishing techniques.

Metropolitan District Commissioner William T. Morrissey and Captain William Marley of the MDC have sanctioned this affair and will assist in preparing the Lagoon to receive the 2000 fish that will be supplied by the Massachusetts State Fish and Game Division.
